Dear Gordon and all members of I.B.S.,

Another month has rolled around and W.M.U.H. is happy to say that it has pushed forward to greater goals in the fields of radio. We are a new organization and we still have much to do before we will have acquired the peak which we are striving to attain. Through I.B.S. we have recognized a few ideas which we are hoping to indoctrinate into our program.

Last week we were fortunate in getting a wire recorder which has proven to be very valuable. Edward Carty is making good use of it in his candid mike program. We have also used it to tape a basketball game. Our intentions are to tape all basketball games in the future since this attempt has proven so successful. We are also trying to get the college dance band to participate in the radio station as a studio band.

A few weeks ago we had a visit from the members of the Lehigh University Staff but we were still in the process of repairing and trying to find a bug in the transmitter. We finally found the bug nestled away in a secluded corner and now we are operating as usual. We were glad to hear from Lehigh and we intend to return the visit very soon__thanks for the compliment by your visit men.

Well, that is about all for this month. Before we sign off, however, W.M.U.H. would like to send over its air-waves a wish for GOOD BROADCASTING to all members of the I.B.S..

Yours truly,

James M. McNally
